St. John Bosco Wilderness Camp

Junior (ages 8-10, 6 days) and Intermediate (ages 10-12, 10 days) campers get a taste of wilderness living, in tents nestled amongst the pines on Zeden and Ispushaw Lakes. Spend a morning learning orienteering skills, then head down to the canoe beach! Sing your heart out with your new friends at evening liturgy, and finish the day with stories around a cozy campfire.

Senior campers (13-16 year olds, 10 days): Come join us on a safe, exciting, co-ed adventure in Northern Saskatchewan! Develop wilderness and leadership skills within the framework of an extended canoeing and/or hiking out-trip. Sleep under the stars and cook over an open fire. Make lifelong friends, laugh until it hurts, share new challenges, and experience all that nature has to give.

Adventure Leadership Experience: Our 24-day leadership development program for ages 15-17. Spend 18-20 days hiking, canoeing and developing your leadership skills in the Northern wilderness. Discover for yourself how to be with the land and water, how to be with one another, and ultimately how to be with yourself. It's our most challenging and rewarding adventure - it's your chance to shine!

St. John Bosco Wilderness Camp is an invitation to people to live, learn and share with each other in the natural environment that God has provided us with and to develop a greater awareness and responsibility towards it. Through this medium, campers are encouraged to grow physically, mentally and spiritually, realizing God in all aspects of life.

We are people experiencing people in God's nature.
